WHOLESALE LIST

DAHLIAS

OUR BULBS ARE GOVERNMENT INSPECTED

Stock offered are strong divisions of field clumps.

WE GUARANTEE all stock sent out by us to be in good growing condition, plump, true to name, and of standard size.

Any complaints not made at time the order is received or within five days will not be considered.

We do not guarantee results as we have no control over stock after it leaves our hands.

TERMS—Are cash or part cash, with C. O. D. shipments, unless credit has been established. No packing charges.

Telegraph orders receive our special attention.

If no postage is included with parcel post order we will send via express or C. O. D. for postage.

If mailing size tubers are wanted, please advise at time of placing order. Otherwise strong divisions will be sent.

We are prepared to ship 75 per cent of all orders **THE DAY RECEIVED.**

SUPPLY—We grow for the wholesale trade, making a specialty of supplying florists, seedmen and dahlia growers who require dahlias true to name and Quick Service.

We grow our own stock and thoroughly rouge it, digging out all not true to name. We also grow a small portion of the clump from which your tubers were taken and in this way we avoid any question of stock being untrue.

Give us a trial order and investigate our quality and prompt shipments, so you can have a dependable place in view for that rush order.

We usually sell up on some varieties before planting time. An early order would be suggested.

We grow in large quantities and assure you of giving each order our careful attention.

REFERENCE—Any trade reference used by the trade.

GOOD INFORMATION

We are large growers and not jobbers.

We try to please our customers at all times.

We do not buy dahlias of failing or bankrupt growers to fill our orders.

Dahlia bulbs shipped by express are rated as second class and are listed as perishable.

The express company stands all loss by freeze, or damaged otherwise, therefore do not hesitate to have orders shipped in cold weather.

Express on dahlia bulbs is very low, often it is much less than parcel post or freight.

All freight and parcel post shipments travel at purchaser's risk as freight companies do not insure against freeze. Freight shipments travel slow and are handled rough. First-class freight costs about the same as express.

Be sure your express agent has given you second-class rates. If unable to get second-class, notify us and we will assist you.

Indianapolis: America's greatest inland city, located 60 miles from center of population of United States. It is the meeting place of seventeen steam railroads and 43 motor express and freight companies. It is the most easily accessible city in the United States from all parts of the country—the crossroads of America.

Express trains leave hourly day and night including Sundays and holidays.

Let us have your RUSH order.

We thank our customers for all past orders and solicit our share of your future trade.
